There is going to happen something, but it isn't planned.

Make banner but make it casual. Maybe make a meetup - opportunity to recruit.

Vild campus and veganske studerende will have a stand. We could all team up, so that it will be visible that GSS (KU Green Student Society) exists and is open to everyone. Let Lukas know, if your association wnatns to join in with a stand.

KU festival is the 9th June

Normally a stand will be from the time when the festival begins to 17-18.
