1. Welcome, round of introduction

- Rebekka, Foreningsstudent i SRKU.
- Christian, Vild Campus
- Tobias, Geofagrådet

2. Dirigent and note taker

3. Update from the associations (locally)

- **Vild Campus:** Ungdomsmøde på langeland. Talked about how to spend times at meetings, by both talking and doing something actively. Has a meeting with Hemblerfonden, who are interested in sponsoring the youth association working with biodiversity. Are working together with Naturhistorisk Museum. Recently had event with Carsten Rahbæk.
- **Geografisk Fagråd:** Had general assembly 2 weeks ago. Arranging a mushroom foraging trip this Saturday. Geografisk fagråd has a 'grejbank': a bank of camping equipment: tents, Trangia. Maybe we could apply for funding for one of those her ein GSS. To increase KU students access to nature.
- **Studenterrådet:** Focus on KU elections soon. The council would be very happy, if anyone from GSS would want to join in on campus awareness and say that GSS supports Studenterrådet, and help reminding people to vote.

4. Update from the GSS board

Postponed.

5. Support Studenterrådet for KU elections?

We agree on supporting Studenterrådet.

6. Finance : How to decide what to spend money on?

Make a budget with amounts for the different

Need a sum up for what categories there are

Ok by us, that the one in charge of finance (Anna) decides on regular amounts. Maybe we ask the rest of the board if the amount is above a specific amount. Maybe 1000 kr? Depending on how much money we have.

Maybe Anna can make a suggestion on what procedure would work for her.

7. Plant based campaign

Postponed.

8. Evaluation: board organization and tasks

9. Next meeting and upcoming events

Maybe we could have turns to contribute with something to the agenda.

- Thesis subjects, that are interesting
- Some game
- Something that's not about how we organize ourselves
- Evt start ud med en icebreaker:

1st of November: CliPo af Ungenergi at ungdommens demokratihus in Kødbyen. Screening of before the flood

Would be nice to plan a Tour de campus event to hang up posters for ecosia campaign + show each other our home-campus. Needs to be put in the calender.

Next meeting in week 48 mon/tues/Wednesday, depending on which date fits people the best.
